Immediate Past Chairman, Board of Trustees
Tau Lambda Chapter Education Foundation, Inc.

ADDRESS ……..Brother Mark S. Tillman
34th General President
Alpha Phi Alpha Fraternity, Inc.

CLOSING REMARKS ……Brother Charles A. Sueing Jr.
President, Tau Lambda Chapter

Brother Terrance J. Gibson
Chairman, Board of Trustees
Tau Lambda Chapter Education Foundation, Inc.

NATIONAL ALPHA PHI ALPHA HYMN …….

** All Brothers retire to Rotunda for group and individual photos – to the left of the lobby

Alpha Phi Alpha Fraternity, Incorporated

The Founding Jewels

The Founding Jewels of Alpha Phi Alpha Fraternity, Inc. were no ordinary achievers. Given racial attitudes in 1906, their accomplishments were monumental. As founder Henry Arthur Callis euphemistically stated—because the half-dozen African American students at Cornell University during the school year 1904-05 did not return to campus the following year, the incoming students in 1905-06, were determined to bind themselves together to ensure that each would survive in the racially hostile environment. In coming together with this simple act, they preceded by decades the emergence of such on-campus programs as Affirmative Action and Upward Bound. The students set outstanding examples of Scholarship, Leadership and Tenacity — preceding the efforts even of the NAACP and similar civil rights organizations.

Henry Arthur Callis became a practicing physician, Howard University Professor of Medicine and prolific contributor to medical journals. Often regarded as the "philosopher of the founders," and a moving force in the Fraternity's development, he was the only one of the "Cornell Seven" to become General President. Prior to moving to Washington, D.C., he was a medical consultant to the Veterans Hospital in Tuskegee, Alabama. Upon his death in 1974, at age 87, the Fraternity entered a time without any living Jewels. His papers were donated to Howard's Moorland-Spingarn Research Center.

Charles Henry Chapman entered higher education and eventually became Professor of Agriculture at what is now Florida A&M University. A university funeral was held with considerable Fraternity participation when he became the first Jewel to enter Omega Chapter in 1934. Described as "a Brother beloved in the bonds," Chapman was a founder of FAMU's Beta Nu Chapter. During the organization stages of Alpha Chapter, he was the first chairman of the Committees on Initiation and Organization.

Eugene Kinckle Jones became the first Executive Secretary of the National Urban League. His 20-year tenure with the Urban League thus far has exceeded those of all his successors in office. A versatile leader, he organized the first three Fraternity chapters that branched out from Cornell—Beta at Howard, Gamma at Virginia Union and the original Delta at the University of Toronto in Canada. In addition to becoming Alpha Chapter's second President and joining with Callis in creating the Fraternity name, Jones was a member of the first Committees on Constitution and Organization and helped write the Fraternity ritual. Jones also has the distinction of being one of the first initiates as well as an original founder. His status as a founder was not finally established until 1952. He died in 1954.

George Biddle Kelley became the first African American engineer registered in the state of New York. Not only was he the strongest proponent of the Fraternity idea among the organization's founders, the civil engineering student also became Alpha Chapter's first President. In addition, he served on committees that worked out the handshake and ritual. Kelley was popular with the Brotherhood. He resided in Troy, New York and was active with Beta Pi Lambda Chapter in Albany. He died in 1963.

Nathaniel Allison Murray pursued graduate work after completing his undergraduate studies at Howard. He later returned home to Washington, D.C., where he taught in public schools. Much of his career was spent at Armstrong Vocational High School in the District of Columbia. He was a member of Alpha Chapter's first Committee on Organization of the new fraternal group, as well as the Committee on the Grip. The charter member of Washington's Mu Lambda Chapter was a frequent attendee of General Conventions. He died in 1959.

Robert Harold Ogle entered the career secretarial field and had the unique privilege of serving as a professional staff member to the United States Senate Committee on Appropriations. He was an African American pioneer in his Capitol Hill position. He proposed the Fraternity's colors and was Alpha Chapter's first secretary. Ogle joined Kelley in working out the first ritual and later became a charter member of Washington's Mu Lambda Chapter. He died in 1936.

Vertner Woodson Tandy became the state of New York's first registered black architect, with offices on Broadway in New York City. The designer of the Fraternity pin holds the distinction of being the first African American to pass the military commissioning examination and was commissioned First Lieutenant in the 15th Infantry of the New York State National Guard. He was Alpha Chapter's first treasurer and took the initiative to incorporate the Fraternity. Among the buildings designed by the highly talented architect is Saint Phillips Episcopal Church in New York City. He died in 1949, at age 64.

ΑΦΑ

Alpha Phi Alpha Fraternity, Inc. 12.4.1906

THE SPEAKER

Brother Mark Stewart Tillman is the 34th General President of Alpha Phi Alpha Fraternity, Inc. Tillman learned the value of being a brother in 'good standing' from mentors who were instrumental in his development as an undergraduate on the campus of Dillard University in New Orleans, Louisiana, where he was initiated into Beta Phi Chapter on November 22, 1985.

During his tenure as regional vice president of the Midwestern Region, the “Roadmap to Excellence” was instituted as an annual agenda to demonstrate execution of the national strategic plan tasks with the goals of the region. The region instituted grade point average monitoring of college chapters to measure academic progress. Several recognition programs were established to honor newly initiated members and chapter donors who supported regional competition winners at conventions, as well as chapters marking their 100th anniversaries. As a result of his leadership, the region earned superior national rankings in chapter compliance, and in collegiate member attendance at the Alpha Leadership Academy.

Tillman chaired the 74th Midwestern Regional Convention during Alpha's centennial celebration, earning the distinction of the most registered regional convention in the fraternity's history.

An innovative leader, Brother Tillman was a key contributor to the Management Information Systems Committee that introduced AlphaNET to the fraternity, an online, national membership management system. This technological tool has brought streamlined efficiency throughout the network of chapter operations.

Consistent with his leadership ability, Tillman served as area director in Detroit, Michigan, and led the state of Michigan to achieve one hundred percent of chapters in good standing under his leadership. To this day, Michigan is considered a model district in the region, where Tillman remains an active member of the Gamma Lambda Chapter, contributing to its programs and service projects.

As an information technology professional, Mark Tillman has more than twenty years of experience and combined service with the Hewlett-Packard Company, through an acquisition of Electronic Data Systems (EDS). He is a technology consultant and lead engineer in which he leads a global team of systems engineers to design, build, and test server platform solutions. He chairs an employee-network group at HP, where he promotes and executes programs that enhance professional development and diversity within the IT profession. He is also a member of the Black Data Processing Association (BDPA).

His work in the community is extensive. The ABC Detroit Affiliate, WXYZ-TV honored him as “Person of the Week” for his dedication and exceptional mentorship with Big Brothers Big Sisters of America.

A native of New Orleans, LA, Brother Tillman earned his bachelor's degree in computer science from Dillard University in 1988. He is married to the former Velicia Peyton, and they attend the Sacred Heart Catholic Church in Detroit. Tillman is an outdoor enthusiast and enjoys camping, canoeing, kayaking, cycling, motorcycle riding, and exercising.

TAU LAMBDA CHAPTER

EDUCATION FOUNDATION

Scholarship, Leadership and Service

The Tau Lambda Chapter Education Foundation, Inc., was established in 1978 as a 501(c)3 public charity. It has realized many accomplishments during its thirty-six year existence and the years of investments in educational and leadership programs are paying off and changing the lives of young men as planned. Since its inception, the foundation has contributed countless dollars to the scholarship funds of Fisk University, Tennessee State University and to the United Negro College Fund. In 1999, the Foundation established a $10,000 Tuition Assistance Scholarship at Fisk University, and in 2003 it established a $25,000 Tuition Assistance Scholarship Endowment Fund at Tennessee State University.

Funds given to the Tau Lambda Chapter Education Foundation further the educational and philanthropic mission of the Foundation by promoting leadership, and by providing educational scholarship programs for the benefit of qualified candidates. The Foundation recognizes students who have demonstrated leadership skills, academic achievement and a commitment to community service.

The Foundation believes in the high ideals of the Fraternity, and that these ideals should be sustained and asserted. Your support makes it possible for academically talented youth to experience a vital aspect of college life and to prepare tomorrow's leaders.

The work of the foundation is made possible by the generous support of corporations, local businesses, friends and contributions of Fraternity members. We appreciate the trust placed in its endeavors. A fifteen member volunteer board of directors guides the foundations efforts.

By attending the annual Founder's Day Scholarship Luncheon or making a donation to the foundation, you partner with us implementing the foundations of success in making a profound impact on the lives of Nashville's area youth, continuing to bring our vision to reality.

Whether you make a single gift or schedule reoccurring monthly or annual gift, all donations are greatly appreciated. Contributions made to the foundation for its educational and charitable purposes offer tax advantages to donors.

For more information about the foundation and how you are able to support it, please contact:

TAU LAMBDA CHAPTER EDUCATION FOUNDATION

2014-2015 Scholarship Recipients

Abdullahi Muhina

Austin Peay State University

Major: Chemistry (Pre-Medicine)

Mack C. Jolley - One Year Scholarship

The scholarship offered by the Tau Lambda Education Foundation has made it possible for me to be in school and seeking greater opportunities for myself. These funds lifted the burden of me having to think about where to get the money. It eases me to know that my school fees are paid for and only have to worry about the school work. With this type of support, I know there are people who want to see me succeed in school and later give back to the community as an Emergency Physician.

Antonio Butler

The University of Tennessee

Major: Accounting **Minor: Communication Studies**

Yellow Rose Ball - One Year Scholarship

"The Tau Lambda Education Foundation Scholarship was a blessing. It helped give me the opportunity to focus solely on school. As a freshman I have been able to get involved in many extracurricular activities on campus, such as a contestant in the Multicultural Mentoring Program Mr. and Ms. Freshman Pageant this year. This and other activities would not have been possible without the funds of the Alpha Phi Alpha Fraternity. I look forward to representing the fraternity to the best of my ability inside and outside the classroom."

Jazon Hayes

University of Tennessee at Chattanooga

Major: Undeclared

Education Foundation - Four Year Scholarship

I want to give a genuine thank you to the Alpha Phi Alpha Fraternity, Inc. for providing me with a scholarship, which has so greatly impacted my college experience. This scholarship has helped to remove mental and financial stress I had before coming to the University of Tennessee at Chattanooga. I want to make it known that the Tau Lambda Education Foundation is forever appreciated. As a freshmen, I have been able to enjoy school and become involved in various campus activities. Again, I thank you very much for the opportunity and acknowledgement.

Jaron Hayes

Tennessee State University

Major: Architectural Engineering

Education Foundation – Four Year Scholarship

I want to begin by expressing my extreme gratitude for this scholarship awarded to me from the Tau Lambda Education Foundation. I am very thankful for the scholarship I received. The financial support has provided me an ease of mind during my college experience. I am enrolled at Tennessee State University with a major in architectural engineering. So far, I have received high marks in courses with three A's along with three B's. I plan to continue with this trend throughout my college matriculation and intend to set myself up for a successful and profitable architectural career. Again, I thank you very much for the opportunity and acknowledgement. My goals are now closer to fulfillment.

Myles Oliver

University of San Francisco

Major: Marketing

Education Foundation – Four Year Scholarship

The scholarship provided to me by the Alpha Phi Alpha Fraternity's Tau Lambda Chapter has been such a blessing. Words cannot describe how grateful I am that such a prestigious organization has supported me along my journey to attain a college degree. It is an honor to know that I have the support from other strong African American men who are doing positive things within and beyond my home community. They inspire me to press through all adversity. I am currently in my junior year at the University of San Francisco. By May of 2016 I will have a degree in Marketing, and I will be able to say that the Alpha Phi Alpha Fraternity supported me along the way.

CAREER HONOREE

Solomon Crigg Westbrook Jr. was born in Elendale, TN. He graduated from Woodstock Boarding School and attended Tennessee State University (TSU) in 1951 where he earned a bachelors and master's degree in Chemistry. While at TSU Brother Westbrook was the editor of a department magazine entitled "The Test Tube." He was initiated into Beta Omicron Chapter of Alpha Phi Alpha Fraternity Inc. in 1950.

Upon graduation he moved to Buffalo, New York in 1952 and began working at Cornell Aeronautical Laboratories (Bell Labs) – one of the first Blacks to do so. He was a chemist at Bell Labs for two years, participating in several top secret cold war scientific research projects.

Brother Westbrook later found a career with Lucidol Chemical Corporation in 1954 also near Buffalo. As a chemist for this company he was largely responsible for the company's very successful development of chemicals and processes to stabilize peroxides. By doing this he helped provide a way for the extended term transportation of volatile and often unstable chemicals by rail, truck, sea and air cargo across The U.S. Brother Westbrook became a recognized expert in the development of polymers (plastics). He has published numerous scientific papers, and has been awarded a number of patents in these areas in the USA, France, Germany and Japan. He retired from Lucidol in 1997 with recognition for having never had any documented unofficial time off for illness or personal reasons in 43 years. He has been named a world expert in stabilizing Keytone Peroxides.

Brother Westbrook has been continually active within Alpha Phi Alpha. Upon relocating to Buffalo, he was called upon by the local graduate chapter, Rho Lambda, to lead the re-establishment of the local undergraduate chapter Delta Epsilon in preparation for the Fraternity's 50th Anniversary convention in 1956. He continued as a member of Rho Lambda where he witnessed his sons initiated into the fraternity, become advisors to Delta Epsilon and hold leadership positions as well. Upon returning to the Nashville area after retirement in 1998, he is a Fraternity Life Member and has consistently maintained an active status with Tau Lambda Chapter and annually supports education and civic initiatives.

One of Brother Westbrook's passions for over 20 years has been the game of tennis. He co-founded the Buffalo East Side Tennis Group in the late 1960's, where he taught mostly minority students to play tennis. Having learned and competed as a young adult, he later coached several young African Americans to local and regional tennis titles. The program expanded to include a six city circuit of tennis competitions for students which was eventually absorbed into the American Tennis Association (ATA). Brother Westbrook himself has several tennis awards, his last one obtained in 2010 where he won the ATA 80 Year Old and Under Men's Singles Championship.

Brother Westbrook has been a consistent and intense student of the Christian faith. A major accomplishment is his book "Eschatology", a provocative treatment of science, mathematics and scripture which reaffirm the certainty in central tenants of the Christian faith. He has been married to Daisy Westbrook for 57 years and is the father of Alpha Brothers Franklin and Jonathan Westbrook, grandfather to Anthony Westbrook, Brother Dr. Reyhan Westbrook, Dr. William Westbrook and Brother Gregory Westbrook, as well as great grandfather to Rasaana Westbrook.

ΑΦΑ

HOUSE OF ALPHA

GOODWILL is the monarch of this house. Men, unacquainted, enter, shake hands, exchange greetings, and depart friends. Cordiality exists among all who abide within.

I am the eminent expression of friendship. Character and temperament change under my dominant power. Lives once touched by me become tuned and are therefore amiable, kindly, fraternal.

I inspire the musician to play noble sentiments, and assist the chemist to convert ungenerous personalities into individuals of great worth.

I destroy all ignoble impulses. I constantly invoke principles which make for common brotherhood and the echo responds in all communities and princely men are thereby recognized. Education, health, music, encouragement, sympathy, laughter - all these are species of interest given on self-invested capital.

Tired moments find me a delightful treat, hours of sorrow, a shrine of understanding - at all times, I am faithful to the creed of companionship.

To a few, I am the castle of dreams - ambitious, successful, hopeful dreams.

To many, I am the poetic palace where human feeling is rhymed to celestial motives; to the great majority, I am the treasury of good fellowship.

In fact, I am the college of friendship, the university of brotherly love; the school for the better making of men.
I AM ALPHA PHI ALPHA!

By Bro. Sidney P. Brown

CAREER HONOREE

Rahn Kennedy Bailey, MD, DFAPA, is a Professor of the Department of Psychiatry and Behavioral Sciences and Executive Director of the Lloyd C. Elam Mental Health Treatment Center at Meharry Medical College in Nashville, Tennessee. Currently, Dr. Bailey serves as the Immediate Past President of the National Medical Association and Immediate President of the Tennessee Psychiatric Association. In addition to his academic positions, Dr. Bailey is a member of Alpha Omega Alpha Honor Medical Society and has served as deputy representative to the American Psychiatric Association Assembly (APA) from the Black Caucus of the APA and as Board of Trustee Rutgers State University, New Jersey. He has interest in academic, research and forensic psychiatry. As a Yale University trained, board certified forensic psychiatrist his specialties include: Determination of Legal Competency, Sexual Offender Assessments, criminal work in Capital Punishment, and civil work in personal injury. His passions and research interests have always been eliminating disparities, removing stigma, and enabling access as it relates to a person's social context. This includes the wide range of individual, cultural, socioeconomic and political factors that influence health outcomes.

Dr. Bailey formerly served as 113th President of NMA (2012-2013), Speaker of the House of Delegates of NMA (2009 -2011). He is a recipient of Isaac Slaughter Memorial Leadership Award in 2010. Dr. Bailey was named as Region V Physician of the Year by the NMA (2006) for his exemplary efforts in coordinating medical care for victims of Hurricane Katrina. He received the NMA Postgraduate Physician Award in 1998.

Dr. Bailey is the principal investigator for HIV, COPE, PRIDE, and the Treatment Access Project II for the homeless at Elam Mental Health treatment Center. Grants under his leadership reached over $3 million in 2012. Adult Continuum Care Grant, SISTER (Supported Intensive System of Treatment Empowerment and Recover) program, Rainbow Unit Grant, Adolescent and Family Treatment Program, Adolescent Day Treatment Grant, Substance Abuse Initiative Grant and many others. He has 47 peer-reviewed articles, 11 invited articles, 1 book and 4 book chapters published. He has given 47 academic Grand Rounds and 15 Hospital Grand Rounds lectures. Dr. Bailey is a member of several professional medical societies. He was named Outstanding Faculty by the University of Texas Medical School in Houston (2000). He has received a variety of academic awards and honors, including the Chester M. Pierce, MD, ScD, Resident Research Award (1995).

A SPECIAL REMEMBRANCE

The Brothers of Tau Lambda Chapter take great pride in recognizing the widows of brothers who have passed on to Omega Chapter. We cherish the memories of these brothers, and we salute you as you continue to make civic and charitable contributions to the community.

THE ALPHA MAN

Who were the first Black (negro) college lads to see
The value of real Fra-ter-ni-ty
And vowed to ultimate transcendency?
THE ALPHA MAN.

Who vowed to be the servants of all
To come when fellow man should call
To help another brother who happens to fall?
THE ALPHA MAN.

Whose manly deeds and scholarship
Love for all mankind, be well equipped
Trying always worry and need to whip?
THE ALPHA MAN.

Who in physical stature may be short and small
But to his community he's ten feet tall
Because of him fellow men may call
THE ALPHA MAN

Who's anxious to improve his own image
Who's not afraid, with hard knocks to scrimmage
Who tries to help all of human bondage?
THE ALPHA MAN.

Who when at last it is his date
To be called to that eternal gate
In Omega Chapter he'll hear his fate
WELL DONE, GOOD ALPHA MAN.

THE NATIONAL ALPHA PHI ALPHA FRATERNITY HYMN

(All Brothers Present)

In our dear, A Phi A, fraternal spirit binds
All the noble, the true and courageous.
Manly deeds, scholarship, and love for all Mankind,
are the aims of our dear Fraternity.

Chorus

Alpha Phi Alpha; the pride of our hearts
and loved by us dearly art thou.
We cherish thy precepts, thy banner shall be raised.
To thy glory, thy honor, and renown.

(Solo Only)

We hold ever aloft, noble ideals and aims,
carrying out earth's and heaven's grand command.
Our true hearts ever strive, success' goal to gain.
That our Fraternity's praises may be sung.

(All)

College days swiftly pass, imbued with mem'ries fond.
And the recollection slowly fades away.
Our renowned A Phi A and dear fraternal bond.
May they ever abide and with us stay.
